Here she comes again, walking right by next to me  
Oh, she's smelling so sweet, so fine, make me lose my  
mind  
Oh, making this man crazy now, crazy, crazy

Oh, what a girl  
Oh, what a girl  
What a lady

There came a time in my life  
A time to move along  
Left alone once more again  
Yes, I loved her

Images abound in my mind  
They paint you like I love you  
If I felt I had you  
I'd open up my soul again

Now I just can't stand being turned on my head  
And I don't need to be lonely in my bed  
I don't wanna be around until the curtain falls

When she walks in the room the moonlight beams  
From her face and all those dreams  
Come along where lost love stole a parking space

And, oh, what a girl  
Oh, what a girl  
What a lady

These images abound in my mind  
Painting me like I love you  
Now I know I've found you  
I've opened up my soul for sure

Now I just can't stand being turned on my head  
And I don't need to be lonely in my bed  
I don't wanna be around until the curtain falls

When she walks in the room the moonlight beams  
From her face and all those dreams

Come along where lost love stole a parking space

And, oh, what a girl

Oh, what a girl

What a lady

She's walking right next to me

Here she comes now walking down the street

Looking so fine, make me lose my mind

Oh, making this man crazy now, crazy, crazy
