One two one two three

Anyone would cry over you  
Too bad if they do  
But baby, I could try if you want me to  
To help you let yourself go

Any man would die for you  
But they're mad if they do  
But baby, let me get closer to you  
So I can let you know

I got something for you  
The joy of letting you know  
What you have done for me

Loving you has smiled  
On the face of a lonely man  
Loving you has pride  
In the place of our home again

Loving you has smiled  
On the face of a lonely man  
Loving you has pride  
In the place of our home again

Smile on the face of a lonely man  
Pride in the place of our home again  
Smile on the face of a lonely man  
Pride in the place of our home again

Smile on the face  
Smile on the face  
Smile on the face  
Pride in the place

Smile on the face  
Smile on the face  
Smile on the face  
Pride in the place

Smile on the face

Pride in the place  
Smile on the face  
Pride in the place

Smile on the face  
Pride in the place

When I get tired I'm gonna try  
Smile on my face  
Let you wonder why?  
Pride in my place  
Any man would die
