When i was darkness at the time.
I couldn't wake up from my dream...
And when you found me, you saw me crying.

I couldn't help, I was so lost.
I lost a part of my soul again.
And then i found you with me together.

nobody can save me.
im praying to the gods above...
and i couldnt hold back my tears.

i need your love.
im a broken rose.
Oh baby give it back to me, my soul.
baby give it to me back again.

i need your love.
im a broken rose.
Oh baby help me from frozen pain.
with your smile your eyes and sing me, just for me:

"i wanna need your love.
i want a broken rose.
i wanna need your love."

The rain is falling on my skin.
I couldn't wake u up again.
And you know that you couldn't really help me.

I want to smile, but i'm still so lost.
I want my soul back again.
and nobody cares if no one will stop me.

nobody can save me, and nobody can decide the
Way...
The way this Game is wandering.

I need your love
Im a broken rose.
Oh baby give it back to me, my love.
baby give it to me back again.

i need your love.
im a broken rose.
oh baby help me from frozen pain.
with your smile, your eyes and sing me just for me:

"i wanna need your love.
i was a broken rose...
i wanna need your love."

nobody can help me
nobody can help me.
nobody can help me, Rose.

i need your love.
im a broken rose.
Oh baby give it back to me, my soul.
baby give it to me back again.

i need your love.
I want a broken rose.
Oh baby help me from frozen pain.
with your smile your eyes and sing me, just for me:

"i wanna need your love.
i was a broken rose.
i wanna need your love."
