Goldenboy

Goldenboy, born to love and live for joy  
IÂ´m a Goldenboy  
Goldenboy, born to love and live for joy  
IÂ´m a Golden, Golden, Goldenboy

Prove one - I hate to work  
prove two - I never do  
prove three - is I get sick  
even if I think of it

Prove four - I love to live  
Prove five - I live for love  
Prove six which finally is  
I happen to be good at it !

Special, I'm special, say hey, hey  
Special, I'm special, say second best is for the rest  
and IÂ´m the best !

I like to spend my days in bed  
what I do remains unsaid  
to stay in bed is fun and safe  
although it is quite poorly paid

Future plans are not for me  
no space for that not in my head  
I live my life right here and now  
tomorrow I might well be dead !

Special, I'm special, say hey, hey  
Special, I'm special, say second best is for the rest  
and IÂ´m Sebastian !
