Make your first move babe
Make it right now
Make your first move babe
Make it right now

Come closer, don't move back
Talk to me like you never did before

Make your first move babe
Make it right now
Make your first move babe
Make it right now

Come closer, and please show me
What I would never find if your mind still disagrees

Did you leave me waiting all this time baby
Come in, come out, just to tease me baby all along
I don't want to stop to beg til you start to play the game
with me...

Make your first move babe
Make it right now
Make your first move babe
Make it right now

I don't want to stop to beg til you start to play the game
with me...

Maybe I don't know
What you're waiting for
Maybe I should go
Before you want more
Maybe I don't know
What you're waiting for
Maybe I should go
Before you want more

Did you leave me waiting all this time baby
Come in, come out, just to tease me baby all along

Make your first move babe

Make it right now
Make your first move babe
Make it right now
