Nobody's got to say that you don't know what you've
got
You don't want to hear it baby, think about how you're
lost
Nobody's got to know that you're with me tonight
I won't make you wait outside, ain't gonna wish you cry
(come inside)

I have you inside me now
I have you inside me now
I am your home

Maybe we won't do it girl
Maybe you would stay
Maybe I'll just take it slow
Try to drive you insane
Maybe it's just the same (just the same)
If we only lay side by side
I don't want to rush you girl
Baby you decide

I have you inside me now
I have you inside me now
I am your home

Wanna see you in the morning light
Keep it steady in the moon light
Whatever's wrong I'm gonna make it right
You can tell me what you need tonight
Wanna see you in the morning light
Keep it going babe till we get it right
Wanna see you in the morning light

I don't want to stand here without you
My life,
My life is your hands
I need Luv'in the morning
