Maybe I don't know if I hangÂ...  
Maybe I don't know if I hang on  
Maybe I won't, you know when I'm gone  
Maybe I don't know what you need  
Maybe I hope for the wrong things  
Baby I'm down, as down I can be

But I feel love  
When she does love on  
When I cry cry cry  
Baby when you turn it onÂ...  
Keep it on

I want to keep it low so long  
Keep it and hide it  
Stay in the shade and wait for night to fall

Â'cause I feel love  
When she does love on  
When I cry cry cry  
Oh baby when you turn it on  
Keep it on

Keep on and do  
I need it now  
Keep on and do  
I need it now  
Keep on and do

I need it now  
I keep on down  
I need it now  
I keep on down
