I had enough  
I need you in my life  
I had enough  
Baby I'm inside out  
When you talk in your sleep every night  
Well I don't dare breathe  
When I fall in your eyes I sometimes  
I don't see me

How can you love?  
When your love's run out  
How can you move?  
Like your moving out

In my bed, in my heart, in my mind, in my life  
You see  
Done my best to be strong  
If you want to belong to me

Maybe love  
Maybe love  
Will do what you wanna do  
What you won't do right now  
Maybe love  
Let me try  
The things I did to you (I do you baby)

Maybe love  
Maybe love  
Will do what you wanna do  
What you won't do right now  
Maybe love  
Let me try  
The things I would do to you (I do you baby)

Let me take you to a better place  
I can get you there a thousand ways  
How can you not  
Be keeping me in your life  
How could you love  
Leaving me inside out

In my bed, in my heart, in my mind, in my life  
You see  
Done my best to be strong  
Like you want to belong to me

Maybe love  
Maybe love  
Will do what you won't do  
What you won't do right now  
Maybe love  
Let me try  
The things I did to you (I do you baby)

Maybe love  
Maybe love  
Will do what you won't do  
What you won't do right now  
Maybe love  
Let me try  
The things I did to you (I do you baby)

Let me take you to a better place  
I can get you there a thousand ways

Maybe love  
Maybe love  
Will do what you won't do  
What you won't do right now  
Maybe love  
Let me try  
The things I did to you (I do you baby)

Maybe love  
I do you  
Maybe love  
I do you  
Will do what you won't do  
I do you
