If you say that you love me come on  
Let me take you all the way  
When you say that you 'll call me come on  
Don't want to let you go baby

Babe I try to leave alone  
Baby you just don't change

When you talk to the mirror come on  
Best to do it all alone  
When you say you don't want me come on  
Some things you just don't say

Babe I'm trying to leave alone  
Babe do you return the same

Don't wanna stand and fight it (all alone)  
Don't wanna stand and do it (do it all)  
Don't wanna stand and fight it  
Don't wanna stand and fight it

When you say that you won't kiss me come on  
What you mean baby  
When you say that you'll call me come on  
Just don't want to waste my time

I Don't need to say to you  
That when I'm gone, I'm gone my money too  
It's up to you it's not too late  
If you need time baby I can wait  
I will do whatever it takes for you

I wanna stand and fight it  
I wanna stand and do it (do it all)  
I wanna stand and fight it  
I wanna stand and hide it

When you say that I cached you come on  
I just want to get you some more (some more)  
I just know I can make you my baby  
Maybe maybe maybe I can  
And I say that you'll be back at my door

Maybe, maybe  
All I want to say when I see you  
(give me your love)  
I'm in love with you
