Come let me out, I will be true  
I'll never cease to amaze you  
'Cos I do believe in what they say  
And I will answer in my own way

And you can shine your light down on me  
And I'll stand out here for everyone to see  
I'd gladly sacrifice my every night  
For the voices to be free

We sing, come let me out, I will be true  
I'll never cease to amaze you  
'Cos I do believe in what they say  
And I will answer in my own way

Into the early hours put ribbons round the flowers  
Who took the daughter down and made her die  
I am the one who told you, there is no one above you  
There is no one above you to come down

So deepen the shallow, shallow the deep  
And you will answer in your sleep  
'Cos I do believe in what they say  
And I will answer in my own way

That one that heeds the call  
Is not the one that needs me  
And sorrow is the crime  
That took me down and crowned me

So deepen the shallow, shallow the deep  
And you will answer in your sleep  
'Cos I do believe in what they say  
And I will answer in my own way

And you can shine your light down on me  
And I'll stand out here for everyone to see  
I'd gladly sacrifice my every night  
For the voices to be free

We sing, come let me out, I will be true  
I'll never cease to amaze you

'Cos I do believe in what they say  
And I will answer in my own way
