We're doubtful of much hope today
I'm so sad to see you sad
Goldenness of feeling, think of a Roman

And go in to the western wind, send me a river
See the ship on the sea, send me a river
'Cos I am not where I want to be

Designing for the kingdom and
Shaping to the crowd
The scene was so revolting
The Queen, in the shame she bowed

She bowed to the families of misfortune
Who had lost a lonely life to her

She did not know
She could cause sorrow within, send her a river
See the ship on the sea, send her a river
'Cos she is not where she wants to be

And when your evening gown
Trails into the mud
Remember what they're seeing
Is not what it's all about

And you've got to walk on through
With millions on either side
Watching you with their eyes

You did not know
You could cause sorrow within, send you a river
See the ship on the sea, send you a river
'Cos you are not where you want to be

We're doubtful of much hope today
I'm so sad to see you sad
Goldenness of feeling, think of a Roman

Go in to the western wind, send me a river
See the ship on the sea, send me a river
'Cos I am not where I want to be, send me a river

See the ship on the sea, send me a river
'Cos I am not where I want to be
