Fallacy

Its meaningless words

Intoxicated mind

Times they swim so deep

They capture a place to hide

This place isnt perfect who the hell said it was

Not me, not me, was it you?

But then the path always has a bend

I should realise that you have a pulse too

Cry any time you want

Cos I respect you

Cry any time you want

I respect you

Well now the rules they seem different for everyone

You have a gift

You were blessed with this son

Wearing that disguise is the easiest way

And you wear the mask so well

But then the path always has a bend

I should realise that you have a pulse too

Cry any time you want

Cos I respect you

Cry any time you want

I respect you

A bundle on your shoulders

Can cause you to weep sometimes

You know Im always here for you

Whenever you need me, need me

Oh its meaningless words

In an intoxicated

Cry any time you want

Cos I respect you

Cry any time you want

I respect you

Cry any time you want

I respect you

Cry any time you want

Cry any time you want

Cry any time you want

I respect you

Cry any time you want

Cry any time you want

Cry any time you want
I respect you
Yeah
