Cute things, sweet dreams  
Is that enough for any girl?  
I want love, but need fun  
I got all the time in the world  
I try to keep my cool when your eyes wanna play  
I could break loose when your lips touch mine that way  
Got this electric feeling  
Oh its set mine screaming  
(CHORUS)  
I can tell you sold it; you charge me up  
Make me melt and you know it; its never too much  
Confess, I know it, I love it  
When you fire me up  
Theres no time for wasting; cant let you stop  
You make me feel so sedated; its never enough  
I dont care, admit it, I love it  
When you fire me up  
Fire me up  
Nice dreams, kept clean  
To make an easy life  
Trap me, Ill break free  
Im gonna fly if I cant drive  
I wont pretend no more, cant let you win  
Move and explore the heat of your breath on my skin  
Got this electric feeling  
Oh its set mine screaming  
(CHORUS)  
Fire me up fire me up  
Got this electric feeling  
Oh its set mine screaming  
(Instrumental)  
(CHORUS)
