I built a china wall around me
I feel you breaking through
I feel you breaking through
I nearly lost myself the day I found you
Could've opened up to you
Opened up to you
I can be an island that's OK
I can be the dawn to my own day
Baby feel free to go
To walk away, walk away
CHORUS
This is the way I see it
This is the way I feel it
You can either take or leave it
But if you're gonna stay then love me all the way
Or don't love me at all
This is the air I'm breathing
Check out the way I'm feeling
You can either take it or leave it
But if you stay then love me all they way, all they way
Or don't love me at all
You stripped me of my hearts defences
And now you're breaking through
I feel you breaking through
You're standing close and I can sense it
I'm diving into you, I'm diving into you
I can be a mountain on my own
I can be the one who stands alone
Baby feel free to go
to walk away, walk away hey.....
