I really wouldn't mind the fight sometimes
But I care too much
And no one else cares enough, so I will
Be careful for all of us

And you'd think this time
That I'd be blaming myself for this one
I've changed my mind
I can carry on

I'd trade the truth for some lies sometimes
It feels better not knowing what's going on
And no one else cares enough, so I will
Be careful for all of us

And you'd think this time
That I'd be blaming myself for this one
I've changed my mind
I can carry on

How was I supposed to know
How was I supposed to know
That this fight was over
This fight was over

Take what you want because
Take what you want because
Take what you want because

And you'd think this time
That I'd be blaming myself for this one
I've changed my mind
I can carry on

How was I supposed to know
How was I supposed to know
This fight was over
How was I supposed to know
This fight was over
