

Singapore National "The Magic Is You"

Visit "[The Magic Is You](#)" on MotoLyrics.com

Ever since we came to be, you were always there for
me

I hear you breathe I see you smile
You have made our lives worthwhile
It's your warmth your beautiful touch
It makes me remember so much
Of the pleasure I treasure, so love on we must

Chorus:

No matter when, no matter where you may go
You know my heart will always stay
For you are here, I know you always will be
It's all because the magic is you

We've had dreams they seemed unreal
We've had hope they gave us zeal
But dreams came true and hopes unfurled
My island's grown into a world
They've been days of laughter and pain
But family and friends will remain
We have grown here together, let's keep it that way

(Repeat Chorus)
