Did you hear the distant cry  
Calling me back to my sin  
Like the one you knew before  
Calling me back once again

I nearly, I nearly lost you there  
And it's taking us somewhere  
I nearly lost you there  
Let's try to see now

Drag me far enough to know  
I'm blind every mile that you burn  
There's a rider that's fallen and  
It's clear there's no time to return

I nearly, I nearly lost you there  
And it's taking us somewhere  
I nearly lost you there  
Let's try to see now

Did you hear the distant lie  
Calling me back to my sin  
Like the one you knew before  
Calling me back once again

I nearly, I nearly lost you there  
And it's taking us somewhere  
I nearly lost you there  
Well let's try to see now

I nearly lost you there  
I nearly lost you there  
I nearly lost you there
