she is nourished for a time  
to be swept away by the flood  
the child will pay for her demise  
captivity the avenger of crime

her deceiving  
image reflects  
what tempts you in  
and steals your breath  
her skin bronze scarred  
blue eyes with neglect

wash away my sight  
synesthetic design

wash away my sight  
colors all align

she is nourished for a time  
to be swept away by the flood  
the child will pay for her demise  
captivity the avenger of crime

all I know and all conveyed  
it's all my own and will always be  
a sickness an ignorance so plagued

I know a way to cleanse your mind and see.

no drink is left blissfully silent  
the curse set in stone colored to unfold  
the last breath undone look towards the skies  
eyes burned of gold

nothing is left at all this time  
infinite words never define  
purity vanishes from sight  
a new life now a breath undone

with all embracing separate ways  
despair nullifies  
promising you'll fight the cries

when all is said and done you turn  
hands stretched towards the sky  
praying for a better life
