I am euphoric images
your lucid dreams brought to life
crossed by time face the lie
a tunnel burned in your eyes

she is a pool of sorrow
life that floats on by
and a light of hollow
echoes lost within the sky

I am nirvana's purity
the capsule for all your needs
the rising sound deep underground
your sickened word fallacies

she is a pool of sorrow
life that floats on by
and a light of hollow
echoes lost within the sky

taken aback
she will see it
crossed by time
face the lie
a tunnel burned in your eyes
forever gone
contentment lost
hiding your own destruction
resist dawn
ride out
the waves to know santosha

empathy calls out no more
the rising sound deep underground
your sickened word fallacies

forever gone
contentment lost
hiding your own destruction
resist dawn
ride out
the waves to know santosha

ride the waves
and rest your tired eyes tonight
and say goodbye

let it all
escape your weary soul tonight
through sinith light
