Come down to earth he mentions  
Full of his best intentions  
It's now time for an occupation  
Time to make some money with that  
Education

Come down to ground  
Mortgage bound  
So proud

Can't you see these dreams will never  
End themselves?

Set me free, I will find the beauty of  
This world

Come down to earth he mentions  
Full of their blind intention  
It's not time for an inoculation  
Time to make some money with your  
New foundation

Tied  
I won't be tied down
