This forceful fucking mind
Keeps on playing into the hands of another
That's what you need
That's what she keeps on saying
But you don't need it
You've already got it
So fight the pain
The world's on fire
The scars that still remain
Will burn
This is why I'm not afraid
(So much for words unspoken)
When time is not your friend
(The scars that still remain)
And I feel so abused
Hold on
This fear is not the end
Once again you'll know
This is destruction
This is ruin
This is not the answer you've been looking for
This is what you are
You are chaos
The time has come to open your heart
Open your mind
Open your eyes
So fight the pain

The world's on fire
The scars that still remain
Will burn
This is why I'm not afraid
(So much for words unspoken)
When time is not your friend
(The scars that still remain)
And I feel so abused
Hold on
This fear
Is not the end
And so this time
They crossed the line
There is no more

Life
No more
Questions
No more
No more
No more
