Create the waves
Of someone else's pain
My evil mind of society
Although you said the same I still believe it
You said I'm not to blame I don't believe it
Forced down
We're not quite there
I know the end of what you see
Forced down
We're not quite there
To be the end of what we believe
The violence of silence
Is all I've known
The violence of silence
Go take me
I am the one who breaks me
Don't hate me
Just because I hate you too

There's always someday that you live your life
There's always someday that I'll kill your life
Forced down
We're not quite there
I know the end of what you see
Forced down
We're not quite there
To be the end of what we believe
The violence of silence
Is all I've known
The violence of silence
I am living
Set the fire
Light the flame
The violence of silence
Is all I've known
The violence of silence
I am living
