It begins with a voice
That rises through the air
Here comes now
The muezzin's words
Coming to wake his mind
Gonna make him get up now
It's muslim praise
Under the sun
It's chant and psalms
For the Most High
It's muslim praise
Under the sky
It's chant and psalms
For the Most High
It's muslim praise in Africa
A man's standing on his feet
Opened heart for the king
His small dreadlocks
In the sea wind
It's a vision of faith
Now rising through the air
It's muslim praise
Growing up through the air
