Be on the look-out you knew  
No cease blind but I can never see you naked,  
I see  
To be polite you knew  
No cease blind but I can never see you naked,  
I see (2x)  
Im sitting round the corner  
Wicked to my cassette, I'll be looking  
Ive never crossed the border  
Wicked to my belief, I'll be looking  
So maybe watch the news  
No wicked sign  
All alone with my excuse  
For being wild  
If ever what you want isn't there  
You're alone instead but you're feeling rare  
If wicked is what you knew  
No wicked sign  
No one's lying  
No one to denial  
Be on the look-out you knew  
No cease blind but I can never see you naked,  
I see  
I reap on the course you knew  
No cease blind but I can never see you naked,  
I see (2x)  
Im sitting round the corner  
Wicked to my belief, I'll be watching  
Ive never crossed the border  
Wicked to my cassette, I'll be looking  
So maybe watch the news  
No wicked sign  
All alone with my excuse  
For being wild  
If ever what you want isn't there  
You're alone instead but you're feeling rare  
If wicked is what you knew  
No wicked sign  
No one's lying  
No one to denial
