In the summertime
In the summertime
Do come near, hope is in a loop
Can you feel it, shining like a tube
In the centre, in the brass you came
To surrender those who really shame
In the summertime, drink a glass of wine
Tell me what you need and i will defeat
Do come near and watch the rose I gave, you laugh,
you cough, you may
In the summertime, drink a glass of wine
But why are you so blind to carry on
Your life is over all is wrong
You need the proof to say you're on again
But you're not getting it from me
Your smile is, so beauty
Our kiss, can feel it way too long
Your hair smells, so full
The air tells, can feel it way too long
But why are you so blind to carry on
Your life is over all is wrong
You need the proof to say you're on again
But you're not getting it from me
And no one needs to say you're on again
Your life is over, all the same, you turn, you turn
around
You just need the proof to say you're on again
But you're not getting is from me
In the summertime,
In the summertime
