With your mouth around the bottle-then you smash it on  
the hearth reach out for another one-don't look back on  
the past a chair through the window-then through the  
looking glass the crystal spli  
Shimmer-bathe the pavement in moondust

Laughing in the crimson rain-we feel no pain with  
shards in out soles well dance again and again oh  
again and again amidst the laughter and the crimson  
rain

With your mouth around the bottle-then you smash it on  
the hearth forget tomorrows mess-because right now is  
the best... I guess were dancing on glass...
