Face to face
My lovely foe
Mouth to mouth
Raining heavens blows
Hand on heart
Tic tac toe
Under the stars
Naked as we flow
Cheek to cheek
The bitter sweet
Commit your crime in your deadly time

Commit your crime in your deadly time
Its too divine
I want to bend
I want this bliss but something says I must resist

Another life
Another time
Were siamese twins writhing intertwined
Face to face
No telling lies
The masks they slide to reveal a new disguise

You never can win
Its the state Im in
This danger thrills and my conflict kills
They say follow your heart
Follow it through
But how can you
When youre split in two?

And youll never know
Youll never know

One more kiss
Before we die
Face to face
And dream of flying
Who are you?
Who am i?
Wind in wings

Two angels falling
To die like this
With a last kiss
Its falsehoods flame
Its a crying shame
Face to face
The passions breathe
I hate to stay but then I hate to leave

And youll never know
Youll never know . . .
