The bursting balloon cocktails are soon  
Young glands young flesh invade the room a sardonic  
mood ughh...  
Watch the rich fatty eating raw fish with avid curiosity

Oh piggy squeals and donkey brays-at a sober party  
doggy barks and horsey neighs-try to shock the party

Impaled on pleasure impaled on a spear impaled with  
danger impaled with fear  
A disfigured dismembered sex with a third world cast  
young glands young flesh the beating heart

Oh piggy squeals and donkey brays-at a sober party  
doggy barks and horsey neighs-try to shock the party

The bursting balloons cocktails are soon young glands  
young flesh penetrate the room they fall on the camera  
lens against the tumble dry screen on the edit room  
floor lies a messier scene

Oh piggy squeals and donkey brays-at a sober party  
doggy barks and horsey neighs-try to shock the party
