Monitor outside
For the people inside
A prevention of crime
A passing of time

The come and they go
Its a passing of time
They come and they go
Whilst we sit in our homes

Sit back and enjoy
The real mccooy
Our new air of authority
Our sentinel of misery

His face was full of intent
And we shook excitement
Then the victim stared up
Looked strangely at the screen
As if her pain was our fault
But thats entertainment
What we crave for inside
No more second rate movies
From those people outside
