Only at night time-i see you
In darkness-i feel you
A bride by my side-Im inside many brides sometimes I
wonder.....
What goes on in your mind, always silent and kind
unlike the others.....
Fuck the mothers kill the others
Fuck the others kill the mothers
Ill put it out of my mind because..... Im out of my mind
with you
In heaven and hell with you.....

My night shift sisters
Await your nightly visitor
They dont bother me
No they dont bother me

The cold marble slab submits at my feet with a neat
dissection.....
Looking so sweet to me-please come to me with your
cold flesh-my cold love
Hissing-not kissing
A happy go lucky chap-always dressed in black hell
come to you, hell come to you

My night shift sisters
With your nightly visitor
A new vocation in life
My love with a knife

Fuck the mothers kill the others
Fuck the others kill the mothers
Ill put it out of my mind because..... Im out of my mind
with you
In heaven and hell with you.....
