What can I do - I know they've gotten to you when you  
say that your whites  
Have an aerial blue  
What's happened to you - since I last say you I thought I  
knew your name - but it's not you but it's not you

You're talking in a balloon  
In this tidy room  
Sounding like a commercial  
For a serial  
I wish you could feel the way that I feel I wish you could  
feel but your so unreal your so unreal

What can I say - what can I say  
All the traits you had have all gone away get up and  
wash at the right time of day and greet the world with  
the right thing to say

You're so ideal - you're never down at heel you're so  
ideal - but you're so unreal  
I wish you could feel - the way that I feel I wish you  
could feel - but you're so unreal you're so unreal
