"We Hunger"

A ravenous greed
For a brood to feed
A lusting spawn
On a weekend fawn
Do you hunger for this
Sucking leaches feel the need
Sucking dry unsated stomach pops
Sharpened knives with flying sparks
Sagging bodies with stretch marks
& your belly aches

Do you hunger for this
Bled white with avarice

As the rust creeps
Corrosion seeps a rotting seed
Eat me -- feed me
With your belching foul breath
Your destructive kiss death
Do you hunger for this

The bliss of a sweet kiss
Shanghaied on a locust flight
The thirst from a vampire bite
Fills the emptiness inside
Consuming everything green-eyed
We hunger
