As the sun rises again
and i shed my underskin
so its time to start another day

so i had to realize
but i won't, swallow my pride
my eyes are fixed, on another prize

For all my life i've waited
For this moment

Chorus:
I've waited so long
Just for this
For the chance to prove you wrong
I've seen confused
But i found the light
And the light will guide me through

Come around the streetlights light
Beggin me to give you try
But i won't give into your lies

And now i have to realize
That i can, swallow my pride
My eyes are fixed, on another prize

For all my life
I've waited for this moment
Another time comes
For you to say

Chorus

As the sun rises again
I shed my underskin
As the sun rises again

Chorus
