I know a town where people are running
Away from life it seems always funny
They think they are smart
Doubt what they say
Scared of a change
Existing only

To bring me down
Bring me down
Yeaaah
Bring me down
Bring me doooooown down

Thought less in heart desperate in honesty
Failed from the start wasted and suffering
Supply them their drugs just don't take them away
Scared of a change existing only

To bring me down
Bring me down
Yeaaaah
Bring me down
Bring me doooooown down

I don't feel like I should even worry about you
But I take the time and you push me away
I don't care too much no more
I always seem to waste my breath
Go my own way
Go my own way
