Wait, wait for me...

Build a bridge to your mind  
Takes me there everytime  
Lay it all on the line  
If there's a way  
Build a bridge, make a path  
Overlook the aftermath  
Make my tears be your bath  
If there's a way  
Only if you'll take a ride  
Go with me to the other side

[Chorus]

Even though it's gonna crumble down  
I'll keep building till you come around  
Even though it's gonna fall apart, break my heart  
I'll keep building 'till I die

Build a bridge of memories  
Stretch it out overseas  
To the end of the world  
If there's a way  
Build a bridge made of pain  
Send my longing down the drain  
Have no reasons to complain  
If there's a way  
Only if you'll take a ride  
Go with me to the other side

Wait... wait for me... wait... please wait for me
