Cutest dog I ever seen
Been round the block if ya know what I mean
Said you were gonna be my guy
Then you have to know that this shit won't fly
Really really thought that you were the one
And everybody told me that for me you're so wrong
You said I was the girl, the apple of your eye
And I was sweet like apple pie

Got me thinking bout you
Without you
What am I gonna do
What am I gonna do
To you I'm a cry baby ooh
Got me crying for you
Without you
How will I make it through
How will I make it through
Without you look what you made me do
Look what you did
I cry... cry baby over you

Throwing all ya shit
Right outta the door
It doesn't matter now
You won't be back no more
Slippin on the photos that cover the floor
I'll be looking at them later
Yeah that is for sure
Now I'm in psycho mode
Ripping and slashing
Trippin' I'm sick of the
Things that keep flashing
Sitting with ya secret stash
Sippin ya cognac
Wishing you would come back

I been crying since I left ya
I been trying to forget ya
Never ever forget ya
Been a long time since I left ya, left ya
Without a dope beat to step to

Now dya want me to cry some more?...
