So many thoughts and questions
keeping me awake at night
I wasn't always wrong but you weren't always right
I was, I was playing the fool so many times
I was, just How much should I sacrifice

Not forgotten
Never gonna be free of the mystic side of me
Because I'm makin' em feel different
Not forgiven
They'll never ever see
They'll never walk away from the drama I create

Yes coz this is how I be
I sees you as you sees me
Yes coz this is how I be
I sees you as you sees me

I'm trying to give a little something
your trying to take a whole lot back
But if you gave a little something
Something right, something right that I had before

Not forgotten
Never gonna be free of the mystic side of me
Because I'm makin' em feel different
Not forgiven
They'll never ever see
They'll never walk away from the drama I create

Yes coz this is how I be
I sees you as you sees me
Yes coz this is how I be
I sees you as you sees me

Over, not forgotten
Over, not forgiven
Over, not forgotten
Over, not forgiven

you see me how I'm living

and I see me how I'm driven
I'm lost in all the commotion
Got no time for unhealthy devotion

Yes coz this is how I be
I sees you as you sees me
Yes coz this is how I be
I sees you as you sees me
Yes coz this is how I be
I sees you as you sees me
Yes coz this is how I be
I sees you as you sees me
