The times are hard I can't pay rent!
'Been living on money that a neighbour lent
Don't like the way that things are turning out
I understand now why the people shout!

Gonna buy me a ticket to the moon
Gotta change the scene I've gotta change it soon!
Somebody told me there's a better place
They say it lies somewhere out in space

I'm leaving ground I'll be bound for Mars
Gonna leave this ground, gonna reach for the stars
One day you'll turn around but you won't see me
I'm gonna be moving in the galaxy... Galaxy

A lot of people fight to show they're strong
I get the feeling that they're wrong
Somebody, tell me is it civilised
To break, destroy and to vandalise?

I'm leaving ground I'll be bound for Mars
Gonna leave this ground, gonna reach for the stars
One day you'll turn around but you won't see me
I'm gonna be moving in the galaxy... Galaxy

Hey! Watch me leaving, I'll be leaving ground
Still believing there's love around
Gonna be reaching out for Mars
I'm believing there's love, love in the stars

Gonna find me a world, a world apart
Where the only ruler is the heart
The currency a smile and honesty
The best things in my life will now be free

I'm leaving ground I'll be bound for Mars
Gonna leave this ground, gonna reach for the stars
One day you'll turn around but you won't see me
I'm gonna be moving in the galaxy... Galaxy

Hey! Watch me leaving, I'll be leaving ground
Still believing there's love around

Gonna be reaching out for Mars
I'm believing there's love, love in the stars.
