I wish I cleaned up months ago  
So no one ever got to tell me that I told you so, you  
know  
Cos everybody wants to feel a little smarter than you  
I was against it, now I'm a part of it too  
I'm sorry I never meant to bum you out  
Now I'm coming over only trying to calm you down  
I never pictured life like this they tell me life's a bitch  
And I say I agree  
I'm thinking about the time when I didn't have lights  
Didn't have food and I didn't have pride  
I didn't have shit but a candle and a book  
I'm shivering outside and I'm shivering like, ooh  
Damn, this can't be it  
But still I'm thinking someday I can handle this  
I never handled it, I felt inatiquite  
And now I'm sitting in the middle of the damages,  
mad at me

Thank you, for giving me the strength I need  
I hope you know what you did for me  
I admit it, I'm proud to say  
Because of you I'm living my dreams x4

Class clown, I never paid much attention  
Six years later now I'm paying for my lateness  
I was unable in some ways I guess, but  
Give me a pen and see what I do to paper  
Yeah that's what I do, call it a specialty  
Like A-ha baby, no one could ever take on me  
That works for a couple of years and I'm  
Happy I did it cos I could travel around And  
See places, meet people, they took me seriously  
Instead of walking right past like I didn't exist  
It feels so close to being over  
I know it's gonna stop before I get to where I wanna  
And that scares me, but on the other hand  
I had a blast coming this far, I love it man  
I wouldn't trade my experience for nothing  
Thank you for making me feel like a something
