Keep me past the gate
I've worn the world without a word
And I don't care too much for what they say

Grip my smothering end
Another day will pass again
Keep my fire alive for I'm not afraid

Can I make them understand
Who in the world would have thought this
God, I'll never know your plans

Doin' what I got to
That?s what I got to hang on
'Cause I'm doin' what I got to
That?s what I got to hang on

That?s ?cause I doin' what I got to
That?s what I got to hang on
Hanging on by a thread this is what I got
So hang on to this

Keep me pacified
The light will never see my face
For this seems like a better place

Keep them entertained
I've lost the feel, I've lost the pain
For this seems to be a better place

Can I make them understand
Who in the world would have thought this
God, I'll never know your plans

Doin' what I got to
That?s what I got to hang on
'Cause I'm doin' what I got to
That?s what I got to hang on

That?s ?cause I doin' what I got to
That?s what I got to hang on
Hanging on by a thread this is what I got

So hang on to this

Maybe you'll find what you seek, yeah
If you hold on to truth
Yet your truth will set you free, yeah yeah

Doin' what I got to
That's what I got to hang on
Yeah, hanging on by a thread
This is what I got

I said, I'm doin' what I got to
That's what I got to hang on
Doin' what I got to
That's what I got to hang on
Hang on to this
Hang on to this
Hang on to this
