I've come to complicate you  
I've got a big suprize  
I've come so far to thank you  
Blood runs from raining eyes  
Still in bed you never loose your head  
They said what's that light i see  
Running knees they never seem to please me  
You painted pictures of me

I'd never felt so high  
I never thought so low  
No more screaming advice  
It's what i already know

I'm not willing to die  
I'm not ready to go  
My view was never you  
You (you painted pictures of me)

I'm always designatedL  
Left, right, i would be alright  
You seem to constipated  
No help from me tonight  
Still in bed you never loose your head  
They said what's that light i see  
Running knees they never seem to please me  
You painted pictures of me

I'd never felt so high  
I never thought so low  
No more screaming advice  
It's what i already know

I'm not willing to die  
I'm not ready to go  
My view was never you  
You (you painted pictures of me)

Still in bed you never loose your head  
They said what's that light i see  
Running knees they never seem to please me

You painted pictures of me

I'd never felt so high  
I never thought so low  
No more screaming advice  
It's what i already know

I'm not willing to die  
I'm not ready to go  
My view was never you  
(You chose straight out to fuck me
