(Sisqo)

I've told myself time and time again  
That I'm not in love with you  
And then  
It came to me  
One night in a dream  
You mean more to me than I wanted to see  
There is nothing I can do  
To stop it  
Even though you're with somebody else

If I didn't really care, why were you there?  
The color of you eyes, the scent of your hair  
I know dreams aren't reality  
But you're so real  
So real to me

(chorus)

It took a dream to tell me that I love you lady  
I couldn't see that you were always there for me  
Remembering the time we shared together  
Came clear to me one night  
In love

(sisqo)

Tossed and turned and broke a sweat  
Of with tears my pillow's wet  
I'm drowning  
In a river of my homelessness  
And only you can save me now  
I've got to find someday, somehow  
To let you know  
How i feel inside  
Cause it's so obvious and hard to hide

If I didn't really care, why were you there?  
The color of you eyes, the scent of your hair  
Now i know dreams ain't reality  
But it's so real  
So real to me

(chorus)

It took a dream to tell you that I love you lady  
I couldn't see that you were always there for me  
Remembering the time we shared together  
It came clear to me one night

(chinky)  
And it came clear to me one night  
I am in love  
And what can i do  
And what can i say  
To let you know that i feel the same  
Please don't walk away  
Cause i know i can't be wrong

(sisqo)  
And my dreams they can't be wrong

(chorus)  
It took a dream  
To tell me that i love you baby  
Cause i could not see that you were always there for  
me  
Remembering all of the times we spent together

(sisqo)  
Came clear to me one night  
(chinky and chorus)  
It came clear to me one night  
It took a dream  
To tell me that i love you baby  
Cause i could not see that you were always there for  
me  
Remembering all of the times we spent together

(sisqo)  
Came clear to me one night  
I fell in love
