Yo we gonna try somethin' a little different
Yo make, make make my voice a little more distorted
Yeah I don't know if they ready for this

Yeah
Yeah
Uh uh bass
Yeah
Uh uh bass
Yeah
Uh uh bass
Yeah oh yeah yeah
Uh uh verse

Last night we had an argument
Afterwards I'm feelin pretty bent mmm
Then I took a drink and I didn't think
That was the storm for me

You don't know you don't know how she'll take it
Tell me what is a good man to do
Will she cherish your heart will she break it
She want's everything and everything is you
Sing

Now you are everything and everything is you
Now you are everything and everything is you
Now you are everything and everything is you
Now you are everything and everything is you

Baby tell me are you playin' me
When you're lovin' me, when you're holdin' me
And when you're fuckin' me
Are you playin me, playin me, playin' me
You are everything to me, I'm wonderin' if you will see
That I will love you always

You don't know, you don't know how she'll take it
Tell me what is a good man to do
Will she cherish your heart will she break it
She want's everything and everything is you
Sing

Now you are everything and everything is you
Now you are everything and everything is you
Now you are everything and everything is you
Now you are everything and everything is you

Break it down
You are
Ja Rule
Uh yeah
It's Ja Rule
And dru' hill nigga

Baby girl you tellin' lies
'Cuz when I look at you in your face
I can see I'm on your mind
And it don't matter what them hoes may say
I know your love is blind for me

Every bitch needs a thug nigga in their life
Truly could it be, could it be you enjoy me fuckin' you
While you be lovin' me, trick and destroy us mentally
That's why they freak wit me frequently
Love is life

Naw nigga life is love
Take the baddest bitch ice her up
After tour tell her to keep in touch
Nigga that's what's up

Bein Nokio's a bit much
Got bitches overseas that love to fuck
Got bitches in the states that love to suck
What the fuck y'all want from me?
Ghetto celebrity from M more

Murdera do or die from the NY, now everybody get it
right
N O K I O baby, R to U to L E baby
Know a lot of y'all bitches hate me
'Cuz ya can't relate to me, what the fuck you want from
me?
Let them hoes know not a thing
Ice her wrist neck ear and rings 'cuz you know

You are everything

Now you are everything and now you are everything
Now you are everything and now you are everything
Now you are everything and now you are everything
Now you are everything and everything is you

Now you are everything and everything is you
Now you are everything and everything is you
Now you are everything and everything is you
Now you are everything and everything is you

You are everything and everything is you
You are everything and everything is you
You are everything and everything is you
You are everything and everything is you
