"Hangin' Around"

I've been in contemplation over you
I've been missin' you around
Where have you been for all that time?
I'm an addict of your smile
Watching your moves when we make love
Admiring stars that shine above.
Boy it may seem strange -
- I don't know what to say
The way you look and smile at me
[oh yeah, yeah...]
I thought it was just for fun
But now I knew you're here
Right near to me, I know
It's real, I know it's you and me.
I've been hangin' around
And waitin' all night
Just to be with you
And hold you tight my baby.
Looking back to my memories
I see your face shining bright on me
Here your voice saying such a words:
We will never be appart
And now when I look at you
My secret dream finally coming true
Kissin, move and huging you
Baby there're just what I wanna do.
I've been hangin' around
And waitin' all night
Just to be with you
And hold you tight my baby.
