Feels like a summer breeze in here
When I am going through your street
The smell just makes me wanna eat
Would you cook for me ?
Sound of the symphony in my ears,
Listen to what my heart tells me
That's my philosophy right here
To stay together

I keep on falling in love
Now I know I live and die for you
You're the best for me
You're the best for me

Asking you why
You keep on adoring me ?
And why am I so special for you ?
Cause when I am with you
I feel like a real real queen
I am gonna pay the price
I am gonna pay it twice
for both of us
Anything to stay together

I keep on falling in love
Now I know I live and die for you
You're the best for me
You're the best for me

I keep on falling in love
Now I know I live and die for you
You're the best for me
You're the best for me
