Lyrics by: K. Block

Music by: K. Block

She's not like anyone else  
You wonder why she captured  
You like a firefly  
And makes you shine like you never could alone

And tell me  
Can you see her shining  
Through a crowded room  
Where she's the view  
And maybe  
She'll embrace your innocence maybe

She gets high but hates those cigarettes  
She speaks and breaks your intellect  
And she's allowed to change her mind  
Just you try to stop her yeah  
Pre-Chorus

And so it is  
The same you've not been since  
One hit and you were lit up like a firefly  
Be careful what you wish

She tells stories like a painter, yeah  
With colorful words that I don't always understand  
But it always sounds like somewhere better than here  
Yeah, everywhere is better with her  
Pre-Chorus  
Chorus

She has a subtle way  
Of making you forget your darkness  
Behind some clever conversation  
No finer heart, could ever beat for you  
Pre-Chorus  
Chorus  
Chorus
