Help Me--She said please excuse me sir, but
Help Me--Something isn't quite right
You See--I ain't supposed to be here, but
Maybe--You can help me find my way
Take Me--I don't care, just not right here
Take Me--Somewhere more familiar
Show Me--Clever situations, and
Tell Me--Things I want to hear
And I..... said ...oh yeah
I.....Said ...oh yeah
We'll find it--know I know I know
We'll find it--know I know I know
We'll find it--know I know I know
We'll find it--know I know I know
Help Me--Well, she said please excuse me sir, but
Help Me--Something isn't quite right
You See--That I ain't supposed to be here, but
Maybe--Well, you can help me find my way
And I..... said ...oh yeah
I.....Said ...oh yeah
I.....Said--oh yeah--oh yeah--oh yeah.
We'll find it--know I know I know
We'll find it--know I know I know
We'll find it--know I know I know
We'll find it--know I know I know
(Lead)
(Pre-chorus)
(Chorus)
