On final approach my brother and I, we were so sure
Knew exactly the plans we'd made and what we were
here for
Didn't have a care in the world, got by day by day
Struggled with the plans we'd made, who was I
anyway?

Workin' on both night and day
In a famous rock and roll cafe
Never thought I'd meet a girl for me
Never thought I'd meet a girl called Cerilene

Cerilene, the road of life is dark without you and I, I just
can't see
Cerilene, share my life with me
We'll go together hand in hand and we'll fulfill our
dreams

Walked along the beach there hand in hand, it felt like
a dream
But things that felt so good were never real or so it
seemed
Magic that this girl possessed changed the heart of a
child to a man
(To a man)
Through the warmth of love his dreams and drive had
direction again

A girl who strongly believed in me
And visions that we both could see
As one of my dreams it came to an end
My life and love felt whole again

Cerilene, the road of life is dark without you and I, I just
can't see
Cerilene, share my life with me
We'll go together hand in hand and we'll fulfill our
dreams

I've grown to love this family, my friends and this
woman that I've found
Just as much as the family I left in a small, small

Southern town
On a day the island breezes brought my loved ones
here with me
Made our families one, I love you, oh I love you
Cerilene

Cerilene, the road of life is dark without you and I, I just
can't see
Cerilene, share my life with me on this island oh, fulfill
my dreams
Cerilene, oh Cerilene
Cerilene, Cerilene
Cerilene
(Share my life, share my life with me)
Oh Cerilene
