One two three

I wasn't looking for a lifetime with you  
I never thought it would hurt just to hear  
I do and I do  
And I do a number on myself  
And all I thought  
To be and you'll be the one  
That just left me undone  
By my own, hesitation

And for the million hours that we were  
Well I'll smile and remember it all  
Then I'll turn and go  
While story's completed mine is a long way from done

Well I'm on a champagne high  
Where will I be when I stop wondering why  
On a champagne high  
I'd toast to the future but that'd be a lie  
On a champagne high, high

Spring turned to summer  
But then winter turned to mean  
The distance seemed right  
At the time it was best  
To leave, and to leave behind  
What I once thought was fine and so real  
To me, and while I'm still gone  
On the quest for my song  
I'm at your, celebration

And for the million hours that we were  
Well I'll smile and remember it all  
Then I'll turn and go  
While story's completed mine is a long way from done

I'm on a champagne high  
Where will I be when I stop wondering why  
On a champagne high  
I'd toast to the future but that'd be a lie  
On a champagne high, high

Wagons been hitched to a star  
Well now he'll be your thing that's new  
Yeah what little I have you can borrow  
'Cause I'm old and I'm blue

For the million hours that we were  
Well I'll smile and remember it all  
Then I'll turn and go

Well I'm on a champagne high  
Where will I be when I stop wondering why  
On a champagne high  
Toast to the future but that'd be a lie  
On a champagne high  
Where will I be when I stop wondering why  
On a champagne high, high  
So high, so high  
So high, so high
