The sky fell down and pulled us in  
Stole away my oxygen  
And left me standing breathless there with you  
The ocean wrapped around the sun  
The smell of june,  
The taste of your tongue  
Is all I'd ever need

I...  
I wanna be clear  
Well I needed you here  
And I'm waiting you out  
But you  
You don't have a clue  
And I'd drive right through  
Oh to find you anywhere, yeah

The sky fell down and pulled us in  
Stole away my oxygen  
And left me standing breathless there with you  
The ocean wrapped around the sun  
The smell of june,  
The taste of your tongue  
Is all I'd ever need

But you, you keep on waiting  
For the sun to come around  
And you, you keep on waiting  
For something better  
Better off to come around

And you  
Well you wanted more time  
So I gave you more time  
Oh but I am the sun  
That waits to come around

The sky fell down and pulled us in  
Stole away my oxygen  
And left me standing breathless there with you  
The ocean wrapped around the sun  
The smell of june,

The taste of your tongue  
Is all I'd ever need

But you, you keep on waiting  
For the sun to come around  
And you, you keep on waiting  
For something better  
Better off to come around

Whoa but you were a restless soul  
Where's the next best thing  
Well I'll wait for you  
All my life wait  
For you to come around  
Come around  
Yeah

The sky fell down and pulled us in  
Stole away my oxygen  
And left me standing breathless there with you  
The ocean wrapped around the sun  
The smell of june,  
The taste of your tongue  
Is all I'd ever need

But you, you keep on waiting  
For the sun to come around  
And you, you keep on waiting  
For something better  
Better off to come around  
Come around  
Keep on waiting  
Come around  
You're better off to  
Come around  
Come around  
Come around
